7 September 2020

Kiwifruit cooperative Zespri is embarking on mission-critical digital transformation with its [Horizon Programme](#), being its largest investment ever in systems and technology.

Buddle Findlay is honoured to have been engaged by Zespri on this project, which aims to support the kiwifruit industry's growth and to revamp Zespri's business systems. So far, we have assisted Zespri and its other advisers in Zespri's procurement of design and implementation services from Deloitte for this major ICT transformation.

[Amy Ryburn](#) led the Buddle Findlay team on this complex ICT procurement, supported by members of the firm's national [TMT practice](#), including [Philip Wood](#), [Alex Chapman](#) and Joseph Roberts.
